

Network and share ideas about Robotics for Social Inclusion:

Join the [RAPP Community of Interest!](#)

Dear colleague,

An essential step for successfully implementing the RAPP solution is to establish an open dialogue among scientists, experts and end users interested in the fields of robotics and social inclusion. With this in mind, RAPP consortium invites you to join its Network of Interest/Community, which aims to promote a continuous exchange of information, ideas and thoughts about the RAPP platform as well as to share experiences and best practices through the RAPP LinkedIn based Community.

Join the RAPP Community of Interest on [LinkedIn](#):

- Enlarge your professional and social networks
- Participate in scientific/ technical discussions
- Take advantage of an active collaborative workspace
- Learn about RAPP latest news and give feedback
- Get invited to RAPP project events

Enjoy the opportunity to follow project achievements and share opinions about Robotics for Social Inclusion, become a member of the RAPP Community of Interest!

Yours sincerely,

The RAPP Consortium
